§ 95.45 Changes in classification.

(a) Documents containing classified National Security Information must be downgraded or declassified as authorized by the NRC classification guides or as determined by the NRC. Requests for downgrading or declassifying any NRC classified information should be forwarded to the NRC Division of Security, Office of Administration, Washington, DC 20555-0001. Requests for downgrading or declassifying of Restricted Data will be forwarded to the NRC Division of Security for coordination with the Department of Energy.

(b) If a change of classification or declassification is approved, the previous classification marking must be canceled and the following statement, properly completed, must be placed on the first page of the document:

Classification canceled (or changed to)

(Insert appropriate classification)
By authority of

(Person authorizing change in classification)
By

(Signature of person making change and date thereof)

(c) New markings reflecting the current classification status of the document will be applied in accordance with the requirements of § 95.37.

(d) Any persons making a change in classification or receiving notice of such a change shall forward notice of

the change in classification to holders of all copies as shown on their records.

§ 95.47 Destruction of matter containing classified information.

Documents containing classified information may be destroyed by burning, pulping, or another method that ensures complete destruction of the information that they contain. The method of destruction must preclude recognition or reconstruction of the classified information. Any doubts on methods should be referred to the CSA. If the document contains Secret information, a record of the subject or title, document number, if any, originator, its date of origination and the date of destruction must be signed by the person destroying the document and must be maintained in the office of the custodian at the time of destruction. These destruction records must be retained for two years after destruction.

§ 95.49 Security of automatic data processing (ADP) systems.

Classified data or information may not be processed or produced on an ADP system unless the system and procedures to protect the classified data or information have been approved by the CSA. Approval of the ADP system and procedures is based on a satisfactory ADP security proposal submitted as part of the licensee's or other person's request for facility clearance outlined in § 95.15 or submitted as an amendment to its existing Standard Practice Procedures Plan for the protection of classified information.

[62 FR 17697, Apr. 11, 1997]

§ 95.51 Retrieval of classified matter following suspension or revocation of access authorization.

In any case where the access authorization of an individual is suspended or revoked in accordance with the procedures set forth in part 25 of this chapter, or other relevant CSA procedures, the licensee, certificate holder or other organization shall, upon due notice

from the Commission of such suspension or revocation, retrieve all classified information possessed by the individual and take the action necessary to preclude that individual having further access to the information.

[62 FR 17697, Apr. 11, 1997]

§95.53 Termination of facility clearance.

(a) If the need to use, process, store, reproduce, transmit, transport, or handle classified matter no longer exists, the facility clearance will be terminated. The facility may deliver all documents and materials containing classified information to the Commission or to a person authorized to receive them or destroy all such documents and materials. In either case, the facility shall submit a certification of non-possession of classified information to the NRC Division of Security.

(b) In any instance where facility clearance has been terminated based on a determination of the CSA that further possession of classified matter by the facility would not be in the interest of the national security, the facility shall, upon notice from the CSA, immediately deliver all classified documents and materials to the Commission along with a certification of non-possession of classified information.

[62 FR 17697, Apr. 11, 1997]

§95.55 Continued applicability of the regulations in this part.

The suspension, revocation or other termination of access authorization or the termination of facility clearance does not relieve any person from compliance with the regulations in this part.

[62 FR 17698, Apr. 11, 1997]

§95.57 Reports.

Each licensee or other person having a facility clearance shall immediately report to the CSA and the Regional Administrator of the appropriate NRC Regional Office listed in appendix A, 10 CFR part 73:

(a) Any alleged or suspected violation of the Atomic Energy Act, Espionage Act, or other Federal statutes related to classified information.

(b) Any infractions, losses, compromises or possible compromises of classified information or classified documents not falling within paragraph (a) of this section.

(c) In addition, an authorized classifier of a licensee, certificate holder or other organization subject to this part shall complete an NRC Form 790, "Classification Record," whenever matter containing classified information is generated, its classification changed or it is declassified. Notification of declassification is not required for any document or material which has an automatic declassification date. Completed NRC Form 790 must be submitted to the NRC Division of Security, Washington, DC 20555-0001, on a monthly basis.
